As you go through the prices you will see again that NASCA has achieved the record results for its consignors. Several new price barriers were broken, particularly for the more desirable material.

NASCA's FALL 1977 SCHEDULE IS PLANNED

If you would like to include some of your fine United States Colonial, Regular Issue, Fractional or other Currency in one of our upcoming Fall 1977 sales we would be delighted to have it. Why not take a few moments out of your busy schedule to write or call us collect so we may discuss it further. We feel proud in the manner in which we present our consignors' material and I believe our results bear this out.

Kindest regards,

Herbert Melnick

# THIS IS THE MAN

## Dr. Douglas Ball

In his February 1977 editorial in
● **The Bank Note Reporter, Editor Austin Sheheen, Jr.**
had this to say of Dr. Douglas Ball:

"I first met Douglas at one of those "rag pickers" sessions sponsored by the A.N.A. some years ago. Immediately we began a friendship that has prompted many pieces of correspondence, telephone conversations and personal visits. DURING THOSE YEARS I HAVE COME TO KNOW AND RESPECT DOUGLAS AS ONE OF THE GREATEST AUTHORITIES AND TRUE SCHOLARS OF THE ECONOMIC AND FINANCIAL POLICIES OF THE CONFEDERATE STATES OF AMERICA THAT HAS EVER LIVED . . ."

In a past issue of
● **Coins Magazine, WALTER BREEN** said of Douglas Ball:

"Douglas Ball, author of a splendid long foreword to 'The Register' (Thian's Register of the Confederate), is probably the best informed collector of Confederate States of American material now alive . . ."

**Douglas Ball has long since expanded his horizons and abilities to all phases of currency. He unquestionably ranks amongst the most knowledgeable leaders in the currency fraternity.**

## A REDISCOVERED ERROR

## "THE INVERTED H"

### $10 ACT OF 3/23/63, DATED "4/6/63"

This Most Unusual Error Is Available At

**$25.00 ppd.**

A most unusual error — similar to Cr. 442, however the upper left "H" is inverted with the *shading* to the left and not to the right as is normal. Found only on Plate #33 notes.

## WHY?

This variety error was first listed by Raphael P. Thian, the Chief Clerk of the Adjustment General's office, who compiled those books which are used today to study Confederate finance. He sold his collection in December 1885 and this error was among those items offered, together with several Montgomeries etc. For some reason, it has never been listed and is now assigned a Criswell number of 442A. Only 3,000 or so were printed, scattered among notes (Cr. 440), dated September, October, December and January the last being Extremely Rare. There are also Cr. 443 notes dated October (Very Rare) with this error.

## RARE JOSEPH NOURSE SIGNATURE

101 **$55 and $60. Very Fine, Extra Fine, plus. 2 Pcs.** ($40.-Up)
Nos. 154810 and 12732, signed by Jacob Graff, Watkins, Joseph Coil and **Joseph Nourse,** Register of the United States Treasury from 1777 to 1829, signer of the War of 1812 money. Nourse, in his will, recounted how he got the job in 1777 when he reported to the seat of government with the intention of collecting some long overdue compensation as a wounded half-pay army captain. Unfortunately, at that time, the Treasury was empty and Nourse got no satisfaction; however a friend of his induced him to take on the position as Register of the Treasury as a form of indoor relief until Nourse could get his health back and return to the Army. In the actual event, he stayed on for 52 years retiring in 1829 as the senior government official.

In the meantime, he made a small fortune speculating in Washington, D. C. and Ohio lands and the District of Columbia today has several beautiful houses which he and members of his family built. The notes themselves are crisp and vivid although the former is a little aged, quarter folded and clipped very slightly into the borders; the Nourse note is bright with only one slight center fold and a small piece missing from the crudely cut top border. **We have handled many Continental notes and this is the first opportunity which we have had to offer this rare Nourse signature.**

102 **$70 and $80. Extra Fine. 2 Pcs.** ($50.-Up)
Nos. 5158 and 4287, both signed by Lodowick Sprogell and John Lawrence. Both nicely margined notes with only one light fold but the paper is beginning to age in the former and the latter has a stain in the right side.

No. 7050

THE Bearer hereof is entitled to ONE DOLLAR, and ninetieths of a Dollar, which will be received for Ta on any Requiſitions, agreably to the Act of Congreſs of the 1 ber, 1787.

One Dollar.

ONE DOLLAR

104 **$1. Poor.** (——)
No. 7050, letter code x2f, the Hardy signature is gone, as is most of the lower right quadrant. The paper is frail aged and stained, but the remaining 80% plus of the note is clear and complete. The last note of this issue to be sold was a $4 bill in the May 1976 John Carter Brown Library, Sale, lot 1132.

At that time, only one other note of this act was known, this making the third discovered. Of the $2.5 million emitted for both indent dates, only $350,000 were outstanding when the

Treasury Board made its final report to President Washington in April 1789, just after the inauguration. In addition, the Board owed $200,000 which they had not paid in indents, since they decided to let Hamilton dispose of this problem. 99% of the indents were drawn in by the funding acts, and the set that the Treasury kept on hand for comparison purposes was destroyed when the Treasury building was burned in August 1814 by the British. The blank, after the fixed denomination, was for ninetieths of a dollar for odd issue amounts: The notes' denominations permitted their use for paying the interest due in any amount for less than $25.

### 1776 STERLING DENOMINATIONS

No. 15789 (scarce as such), with only the Richard Wylly and Nehemiah Wade, one of several war-time Treasurers. The note is closely clipped all around the edges up to or slightly into the borders and the note has been folded lightly several times with paper from the previous mounting still adhering to the upper right corner.

138 **2 Shillings 6 Pence.** Long Horse Note. **Abt. Very Fine.** **($125.-Up)**

No number, signed by **William Few,** member of the Ga. Assembly (1776, 1783); Executive Councilman (1776); member of the **Continental Congress** (1780-2; 85-8); member of the U.S. Constitutional Convention and a signer of the document; U.S. Senator (1789-93), President of what is now CitiBank in N.Y.C. Also signed by Samuel Stirk, State Treasurer, State Attorney General and non-sitting member of the Continental Congress (1781) and Nehemiah Wade, one of several wartime Treasurers, the two other signatures are gone. This somewhat dull note is quarter folded with "nibbling" at top, a short left side (only a trace of the inner border elements remains) and a wide right margin (part of the adjacent note is visible).

139 **5 Shillings.** Crown, border var. (s). **Extra Fine.** **($125.-Up)**

No. 5349, with only the Richard Wylly and Wade signatures still visible. **The note is extraordinarily complete** and widely margined, there being a piece of an adjacent note forming an additional border at the right. The edges are somewhat uneven, there are two very light folds and some mild but pervasive paper aging coupled with two small pin holes. **The note is in excellent condition for this issue.**

### 1776 DOLLAR DENOMINATIONS

No. 1396, signed by Peter Bard, George Houstoun, Lachlan McGillivary, William Ewen, Acting Ga. Governor (1775) and William O'Bryen, State Treasurer (1778) and non-sitting member of the Continental Congress (1789). The note has been folded several times and is stained both around the clear seal and Bard signature with most of the left border cut away.

141 **$4. Caduceus, etc. Fine, plus.** **($100.-Up)**
No. 6884, signed by W. Stephens, James Habersham, Edward Telfair, **Member** of the **Continental Congress** (1778-82, 88-9), and while such signer of the Articles of Confederation, Governor of GA (1786, 90-3), U.S. Senator (1795-6). Also signed by William Ewen, Acting GA Governor (1775) and Wm. O'Bryen, State Treasurer (1778) and non-sitting member of the Continental Congress. A well folded note with splitting at bottom along the center vertical fold. There is also a wire split at center, and edge slits in the extra wide left margin which contains part of the border of the adjacent note. The top margin is also wide.

### 1777 NO RESOLUTION DATE

142 **$5.** Cannon. (with the aid of this) ET DEUS OMNIPOTINCE, border var. (6). **Fine, plus.** **($60.-Up)**
No. 5035, signed by Andrew, Saltus, Stone, O'Bryen and Nehemiah Wade, one of several war-time Treasurers. Folded with two small holes at right, good margins and a clear seal, but tear outside border at lower right.

143 **$7.** Hand, border var. (p). **Very Fine, plus.** **($100.-Up)**

144 **$15.** Palmetto, border var. (c). **Extra Fine.** **($110.-Up)**
No. 117, signed by Andrew, Stone, Saltus, Ewen and O'Bryen. The note is very lightly folded and completely margined with some aging around the Andrew signature and a slight fuzziness in the blue-green seal. Reverse notation that the note was owned in 1900 by a Mrs. L. C. Whitney of 687 Marshall St., Milwaukee, Wisconsin.

145 **$15.** Palmetto, border var. (g). **Extra Fine.** **($110.-Up)**
No. **585** (palindrome), signed by Stone, Andrews, Saltus, Ewen and O'Bryen. The note is lightly folded, closely clipped around the edges up to the border elements and with only a little aging around the Stone signature. The note apparently has a generic error inasmuch as the second line reads "FIFTEENS PANISH" indicating that the S gravitated from "Spanish" to the preceding word.

### JUNE 8, 1777
### ("FOR THE SUPPORT OF THE CONTINENTAL TROOPS")

146 **$3/4,** border var. (b). **Very Fine.** **($75.-Up)**
No. 67, signed by Joseph Wood and Wade with a piece missing out of the upper right corner, part of the lower border clipped into and with a stain running from roughly the upper right corner to the lower left corner leaving the lower right darker than the upper left portion of it.

### SCARCE BLACK "IN" NOTE

Also signed by Wylly, O'Bryen and Wade. The center lettering within green seal is rather weak, there are three or so paper difficulties in the top border checked with a stamp hinge and the upper right border corner ornament is missing. The note however is reasonably clean and well margined for this issue.

### RED "IN" NOTES

148 **$2.** Ship. **Fine.** **($90.-Up)**
No. 102, signed by Wylly, Langworthy, Wood, O'Bryen and Wade. The note has been folded several times and there is splitting along the vertical center fold at top and bottom, four small edge splts and staining at the top center and over the red seal.

No. 98 (part of 80 sheets printed #41-119, plus 2 sheets), signed by Wood, **Langworthy,** Wylly, O'Bryen and Wade. There is a blue ink smudge in the rattlesnake seal which is exceptionally clear and strong for this issue, the note is only lightly folded and its borders mostly intact except at the upper left side.

150 **$7.** Liberty Cap, Caduceus and Cornucopia. **Very Fine.** **($110.-Up)**
No. 67, signed as previously with tight but adequate margins and a reasonably sharp light blue seal. The paper has a crown watermark at left and two stamp hinge remnants on the right rev.

Also signed by Wylly, O'Bryen and Wade. The note has been lightly quarter folded and has splits outside the borders at the left and bottom and into the bottom at the top with what looks like glue stains on the wide left border. No. 7065, signed by John Smith, Plowdon Westor and Cooke. The note is aging with 3 or so discernible folds, a weakening up in the upper left corner and group of four pin holes with a related slit in the top border. The note has the usual Atlas-holding-a-rock rev. vignette done by Thomas Coram, a Charleston drawing master, when he was 22.

351 **$70.** (£113:15:0). **Very Good-Fine.** **($50.-Up)**

No. 5737, signed by John Scott, Cooke and Charles Atkins. There is a pronounced vertical center fold and the two upper corners are both missing else this note would grade at VF, plus. There is also the usual Coram rev.

352 **$80.** (£130:0:0). **Extra Fine.** **($100.-Up)**

No. 2721, signed by James Bertham, Sims White and John Blake. There is one light vertical fold to the left of center and a lightly bent upper left corner, otherwise this note is crisp, bright and vivid, with tight, if barely adequate margins in places.

353 **$90.** (£146:5:0). **Very Fine, plus.** **($100.-Up)**

No. 471, signed by Theodore Gaillard Jr., a wealthy Charlestonian, John Smyth and Cooke. The note has been vertically quarter folded, most heavily in the center where there is surface splitting on the reverse, but the note is crisp, bright and vivid with wide margins everywhere but at the top where the margin is narrow but adequate.

### CHOICE CONDITION DENOMINATION

354 **$100.** (£162:10:0). **Very Fine.** **($125.-Up)**

No. 1113(?), signed by Charles Atkins, Weston and Scott. The note has one center fold, a folded lower right corner and eight edge slits; however all these deficiencies except the center fold and two small bottom slits lie outside the border of the note which is crisp, bright, vivid and widely margined. **This note is in exceptional condition, most offerings of this scarce denomination being in only Good to Very Good condition.**

## VIRGINIA

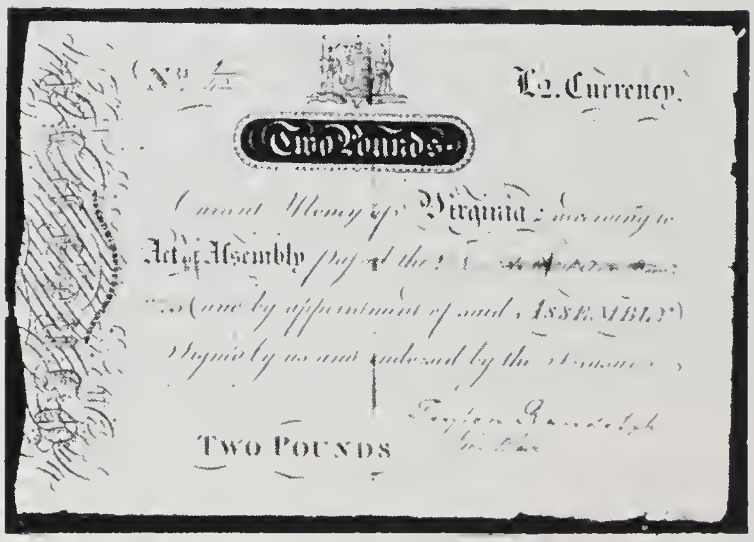
### SCARCE APRIL 1, 1773, JAMES RIVER BANK FORMS

355 **20 Shillings. Good to Very Good.** **($75.-Up)**

No. 27/2642, signed by Payton Randolph, King's Attorney for Virginia, member of the House of Burgesses (1764-74), Speaker thereof (1766), President of the Continental Congress (1774) and President of the Virginia Convention (1774-5); John Blair, a member of the House of Burgesses, Clerk of the Council (1770-5), Chief Justice of Virginia and a Justice of the U.S. Supreme Court (1789-96) son of John Blair, Sr., Virginia Councillor (1745-70) and Acting Governor (1758, 1768). All of the James River Bank Forms were signed by Robert Carter Nicholas in his capacity as Provincial Treasurer (1766-77) and member of the House of Burgesses (1756-77). Indeed, so powerful was his influence over the representative portion of the Virginia Colonial Legislature that when Patrick Henry made his famous peroration against the Royal Disallowance of the Two Penny Act in 1764, Nicholas forced that fiery patriot to retract the next day the whole of his "Give me Liberty or give me Death" speech and to humbly apologize for the same under threat of explusion from the House of Burgesses, a fact that is conveniently overlooked by most historians. Carter was later a conservative but devoted supporter of the Revolution and his son, John Carter Nicholas, was the well-known Va. Congressman.

The note is almost split in half along the vertical center fold and is backed with a strip of paper that neatly conceals the holes in the note in the center bottom. There are also other splits and holes neatly concealed and checked with strips of paper, giving the note a "whole" appearance.

### SCARCE ASHBY 1773 LARGE NOTE



356 **£2. Fine.** **($200.-Up)**

No. 1/42, signed by Randolph and Blair as previously described, and endorsed on the reverse by Robert Carter Nicholas. The note while clean and complete has been quarter folded and there are splits along the horizontal fold, particularly where it comes in contact with the "VIRGINIA" watermark. The indent at left is unusually complete, and the note edges are good except for some mild fraying at the right bottom and top right.

### JULY 17, 1775
### SMALL BILLS

357 **1 Shilling & 3 Pence** (Pistereen). **Very Good. 20 Shillings. Fine, plus. 2 Pcs.** **($60.-Up)**

Nos. 30966, 16837, signed by Edmund Randolph, Washington's ADC, youngest member of the Va. Constitutional Convention (such at signing). Also, he was Attorney General of Va., (1776-82). **Member** of the **Continental Congress** (1779-82), Governor of Va. (1786-8), Member of the U.S. Constitutional Convention (1787) and presenter of the "Virginia Plan" which served as the basis of discussion for that document. He was later U.S. Attorney General (1789-94), Secretary of State (1794-5) and Aaron Burr's lawyer in his Richmond treason trial in which that crime was carefully limited. The other note is signed by John H. Norton and John Dixon. The former note is well worn with splitting at top along the center vertical fold, aged and clipped close at left with a bald spot at the top rev.; the second note would easily pass for VF but for the fact that the tips on both bottom corners have been cut off 8 mm. into the note.

358 **1 Shilling 3 Pence.** ("and" variety). **Very Good. 5 Shillings. Good. 2 Pcs.** **($30.-Up)**

Nos. 54239 and (?). Signed by John Barnell; Norton and Dixon. Former is splitting at top; latter split in half and backed with a paper strip.

# A FINE SELECTION OF FRACTIONAL CURRENCY

## A SELECTION OF 5 FRACTIONAL SHIELDS

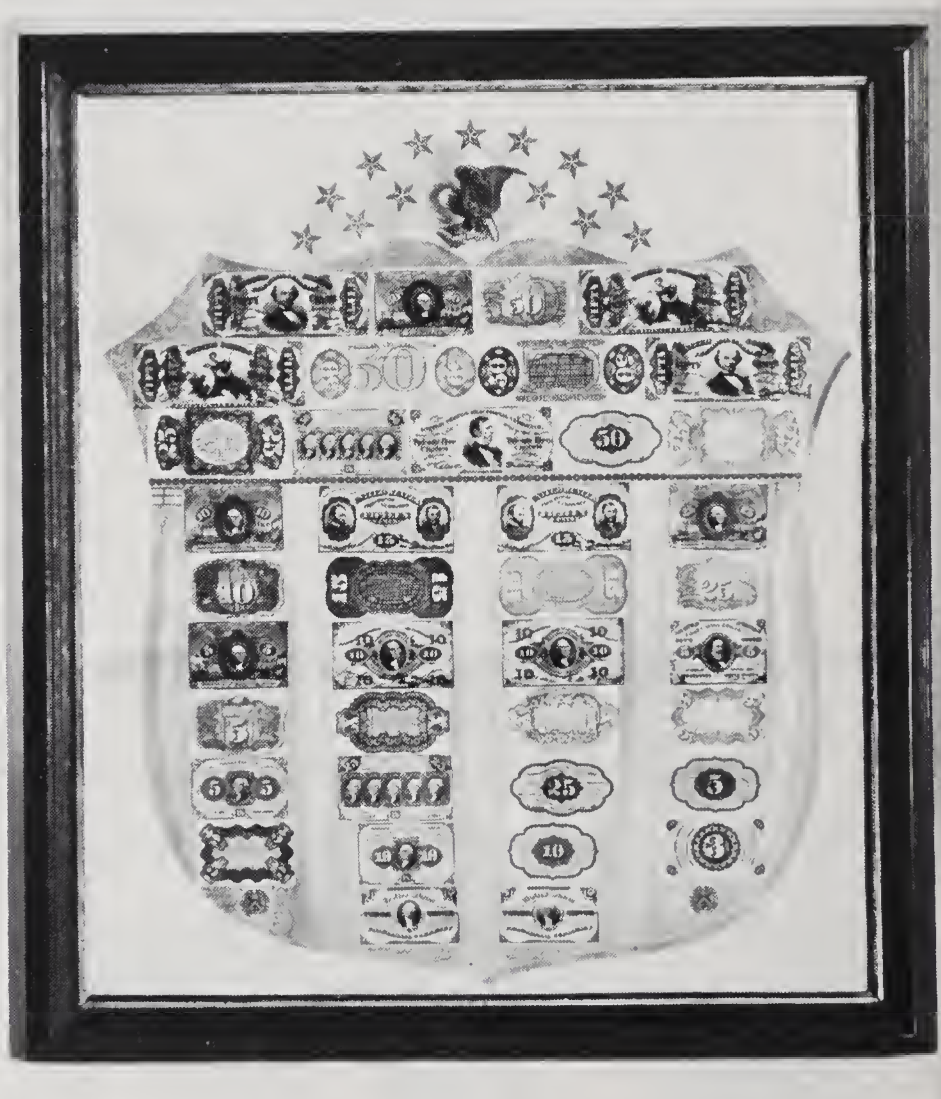
### Rare Choice Pink Shield

611 **One of the finest pink shields to come on the market in recent years. Every note is bright and choice,** and there is virtually no water staining. There are a few trivial edge tears extending not more than an inch in from the mat Two light folds, not affecting any notes, extend about half way in from the left border.

This shield is beautifully mounted in a superb condition dark wood frame, with a large cream mat. All four autographed notes have been signed by Colby and Spinner, as on all pink shields we have seen. **Far rarer than the gray shields, with only 10 or 12 believed extant, many of them in rather poor condition.**

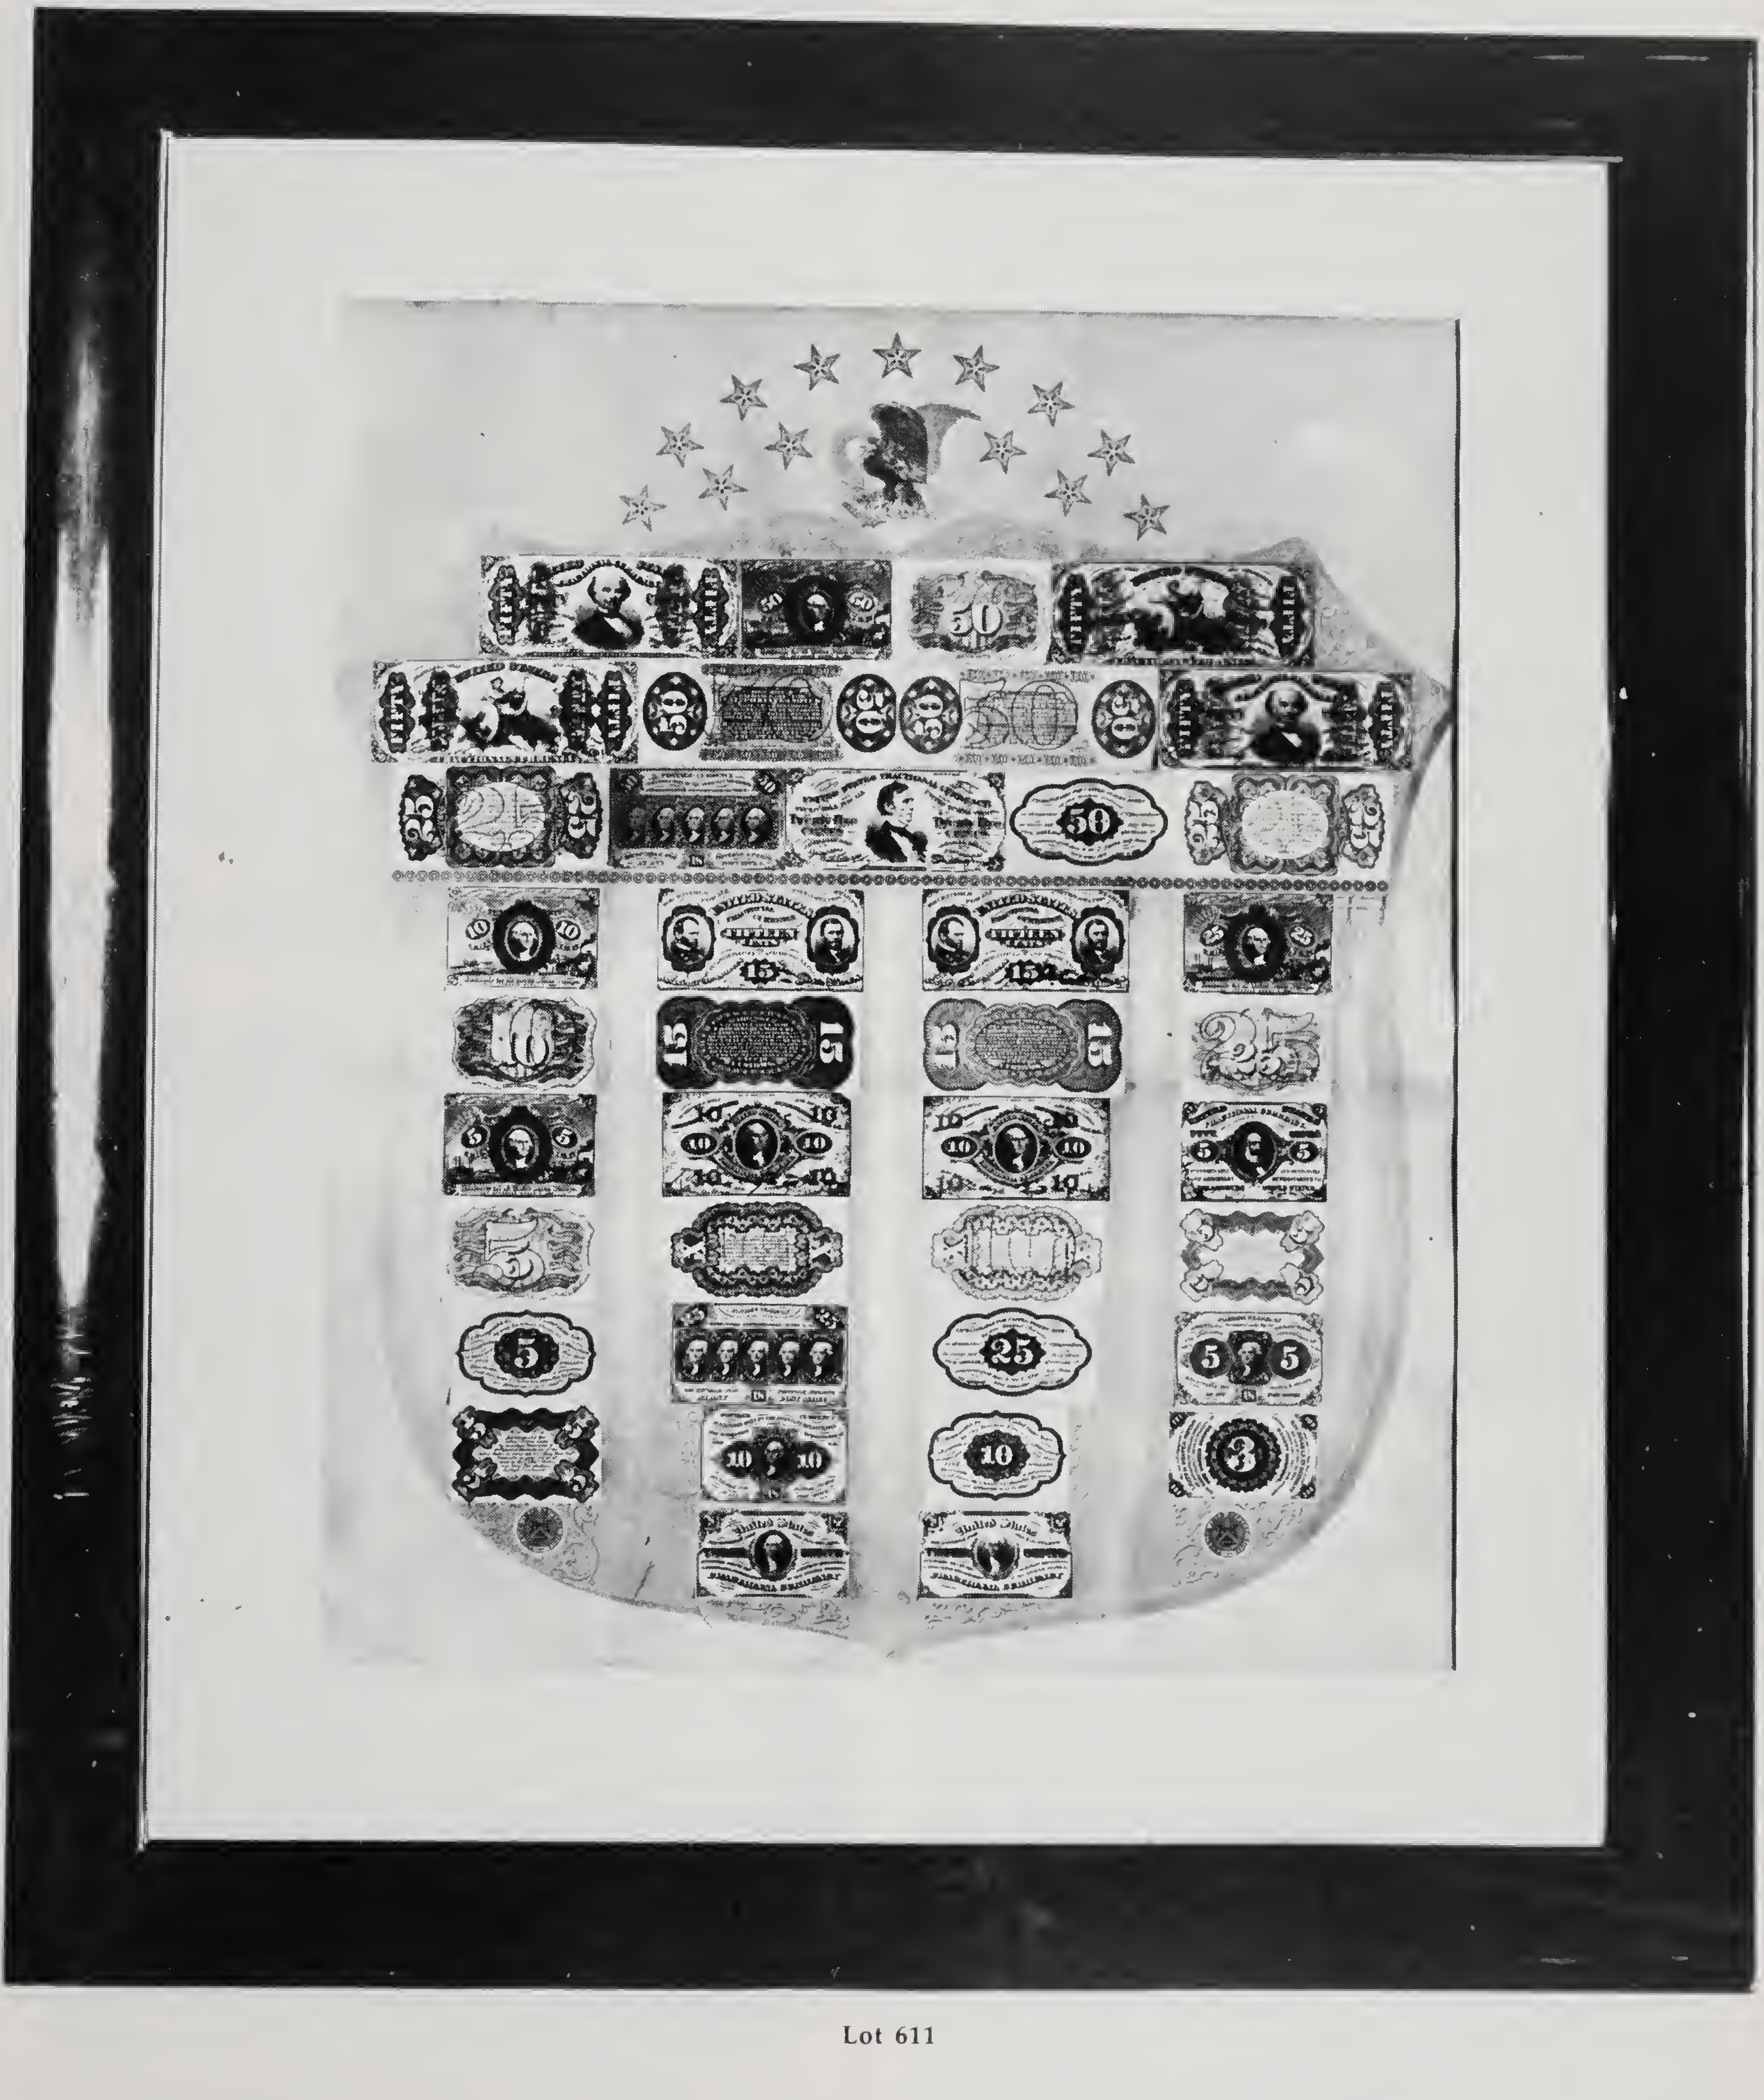
**The bidding will commence at $3,000.**

### CHOICE GRAY SHIELD



612 **One of the finest gray shields** we have seen, from the collection of the noted Confederate authority, **Philip Chase.** A bright, clean shield, with virtually no water staining common to so many shields.

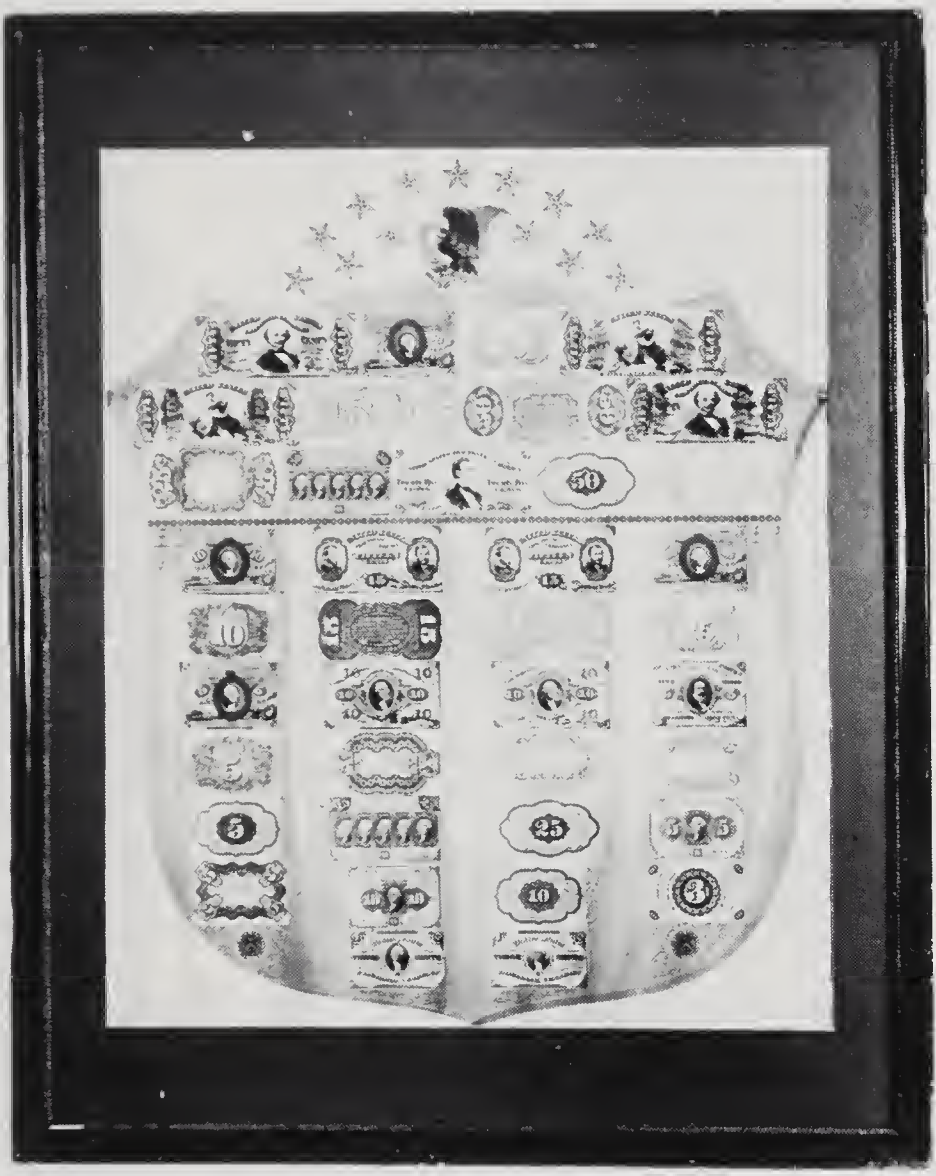
Extraordinary as it may seem, in its entire history, **this shield has had only two owners.** The original purchaser had it framed in a thin black frame with a thin gold inset. The three wide, rough boards on the back of the shield did not quite meet, resulting in two very light areas of toning on the face. Mr. Chase purchased the shield from



Lot 611

the original owner over 60 years ago, and it has been in his collection ever since.
**All notes are bright, and the shield itself is bright and vivid,** with the exception of the two areas of light toning already mentioned. For the sake of accuracy, we must mention a short fold in the right border, not quite touching any notes. Three notes are signed by Jeffries, and one (the 10c) by Spinner.
**Overall, one of the finest gray shields to be offered in several years. ($1,000.-Up)**

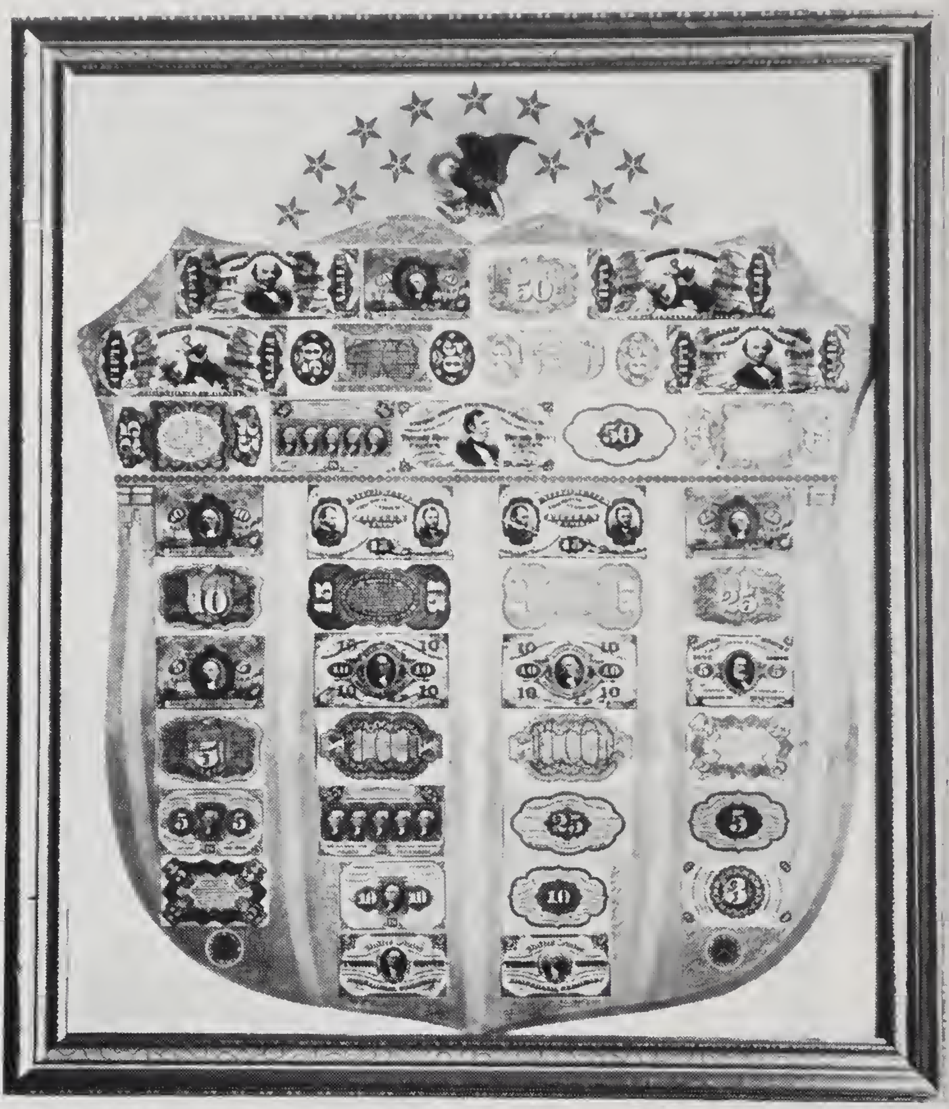
## GRAY SHIELD



613 **One of the scarcer varieties of the gray shield, with three notes autographed by Colby and Spinner,** and one (the 15c) **autographed by Jeffries and Spinner.**
The shield has a few border tears, and one central tear affecting the green reverse of the third issue 10c. It has been reframed in a thin black frame with a thin gold inset, and a 2" brown matt. A few of the notes have darkened slightly, but most are reasonably bright.
An attractive display, as its few faults are not at all prominent. **($500.-Up)**

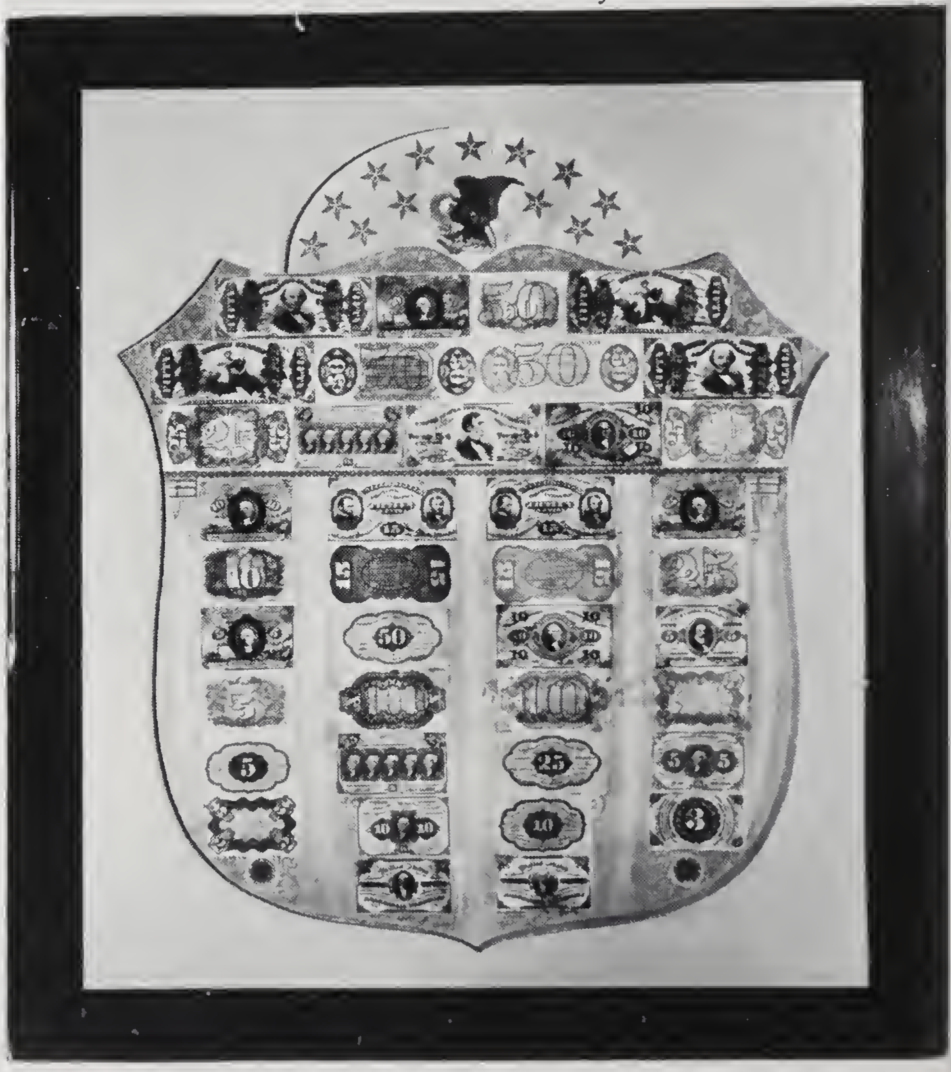
## GRAY SHIELD

614 **At first glance the most aesthetically pleasing of the four gray shields here offered.** However, close inspection will reveal that the entire border area has been opaqued white, no doubt to cover prior water staining. One horizontal fold has broken four of the reverses of the third issue, but the damage is not readily apparent.
**In its favor, virtually all notes are exceptionally bright and unstained.** Tastefully framed in a thin wood frame painted gold. This shield will look quite choice hung on the wall of a den or office. **($600.-Up)**



**Lot 614**

**Reframed and Matted Gray Shield**

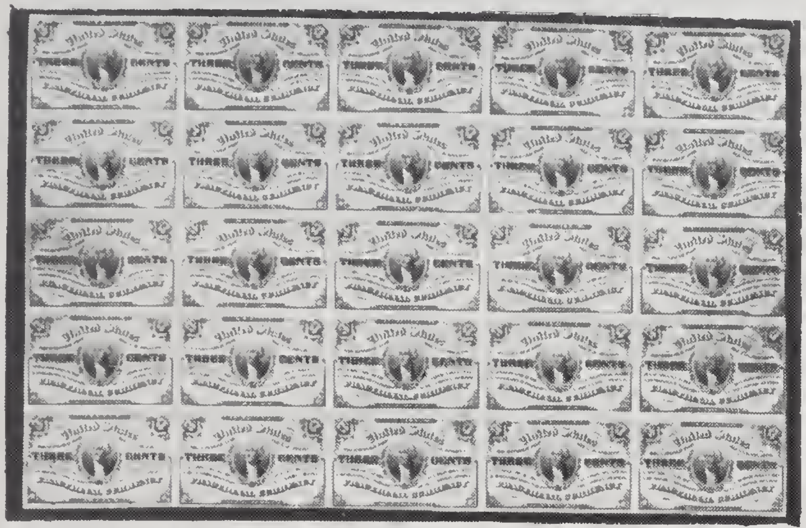


615 **A difficult shield to grade,** as it has been cut out in the exact shape of the shield, and mounted on a light beige textured background. The shield itself has several small tears, and many notes have been affected by water staining and aging. As above, the common variety with

three Jeffries and Spinner signature notes and one Colby and Spinner note.

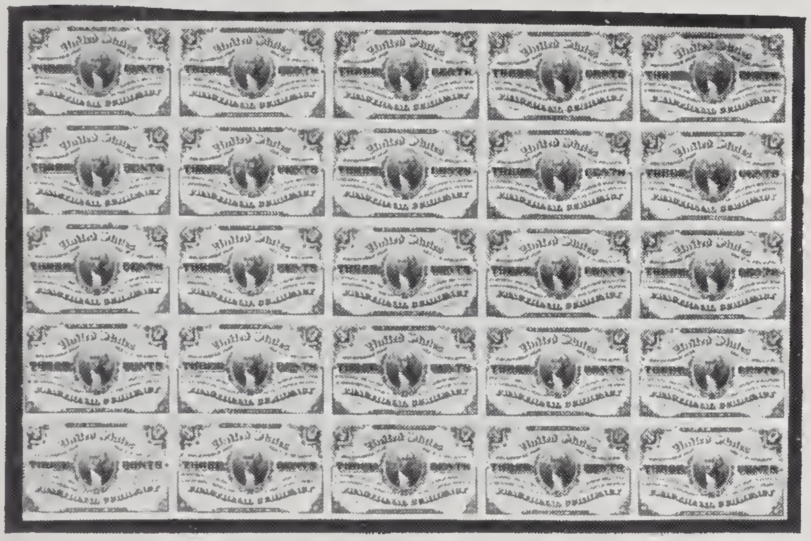
For those who wish it, this shield will serve as an attractive display item and conversation piece. **($400.-Up)**

## AN EXCEPTIONAL COLLECTION
### OF
## FRACTIONAL SHEETS



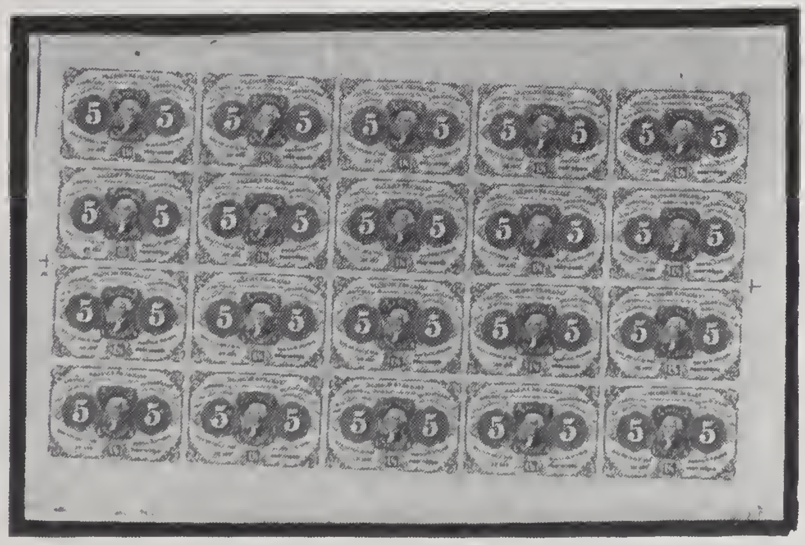
616 **3c Fr. #1226.** Full sheet of 25. **AU.** **($500.-Up)**

**A choice sheet, basically Uncirculated,** but with two light vertical folds between the notes. A bright, clean sheet with no dirt or soiling whatever. The left margin is just a trifle close. Obverse plate #54, reverse plate #5. **An exceptional sheet** that should interest any specialist.



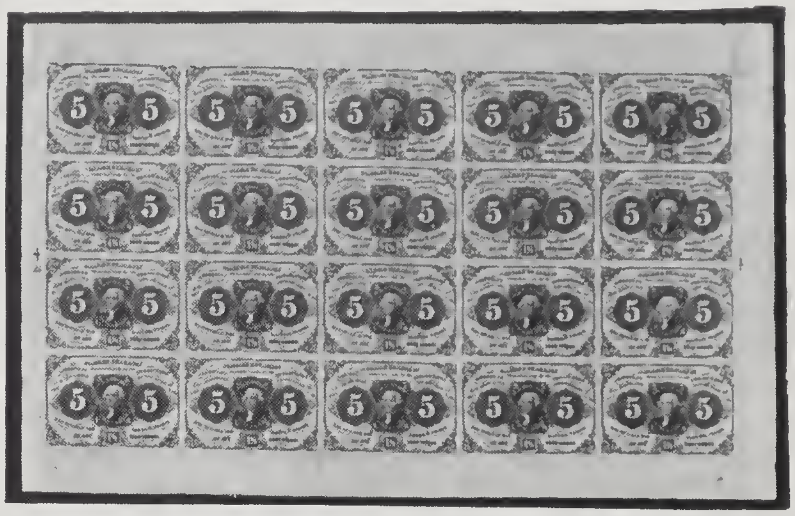
617 **3c Fr. #1226.** Full sheet of 25. **Extremely Fine.** **($400.-Up)**

A very scarce sheet of the lowest denomination paper money ever issued by the United States. **All notes bright and crisp,** although the sheet has a few vertical folds between the notes. Has a small area of light dirt at the left obverse, but still quite pleasing, and well above average. Obverse plate #38, Reverse plate #23.



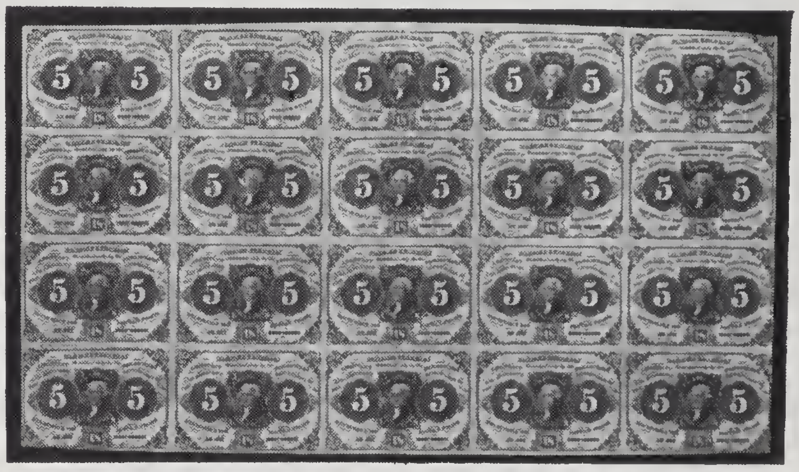
618 **5c Fr. #1230.** Full sheet of 20. **Choice & Crisp Uncirculated.** **($500.-Up)**

Red brown ink on bright orange straw paper - a striking difference from the last. **Crisp and very choice,** with no folds. Obverse plate #36, reverse plate #15. The face perfectly centered to the back, but both off center in relation to the paper.



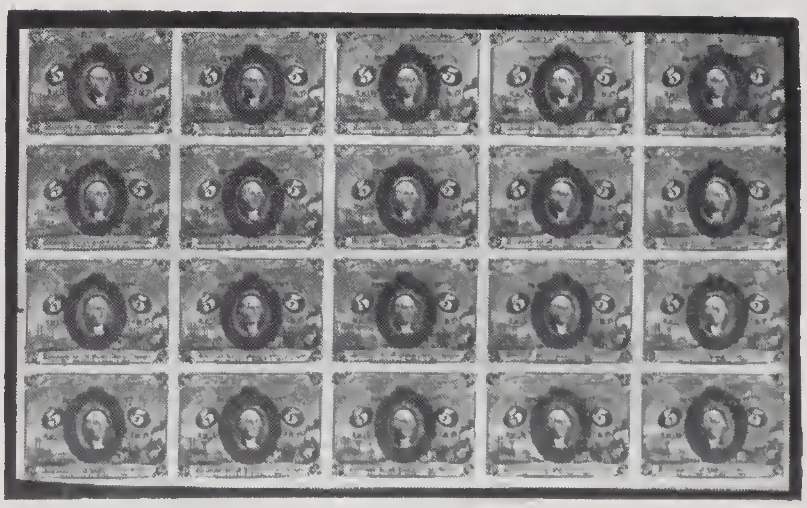
619 **5c Fr. #1230.** Full sheet of 20. **Crisp Uncirculated.** **($400.-Up)**

**Uncirculated,** with a few handling wrinkles. Obverse plate #15, reverse plate #4. Dark brown ink on pale yellow paper.



620 **5c Fr. #1230.** Full sheet of 20. **Extremely Fine.** **($200.-Up)**

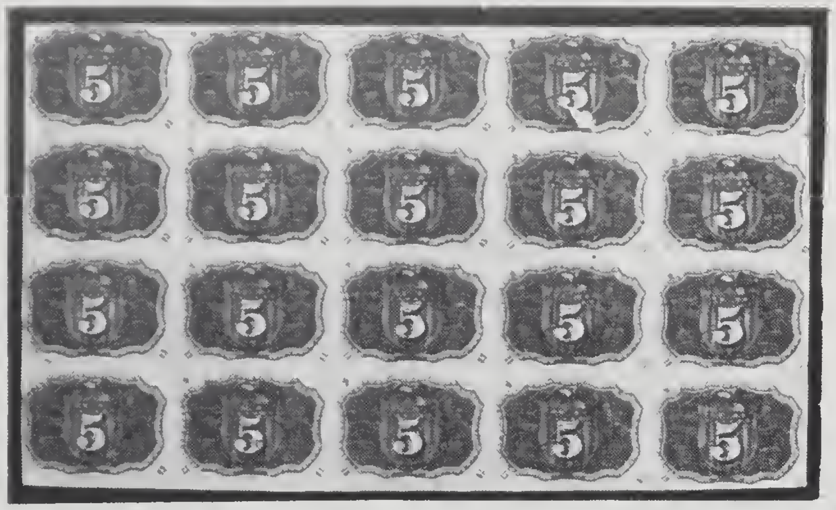
**Crisp,** but with three vertical folds through the notes.



621 **5c Fr. #1232. Full sheet of 20. Extremely Fine.** **($300.-Up)**

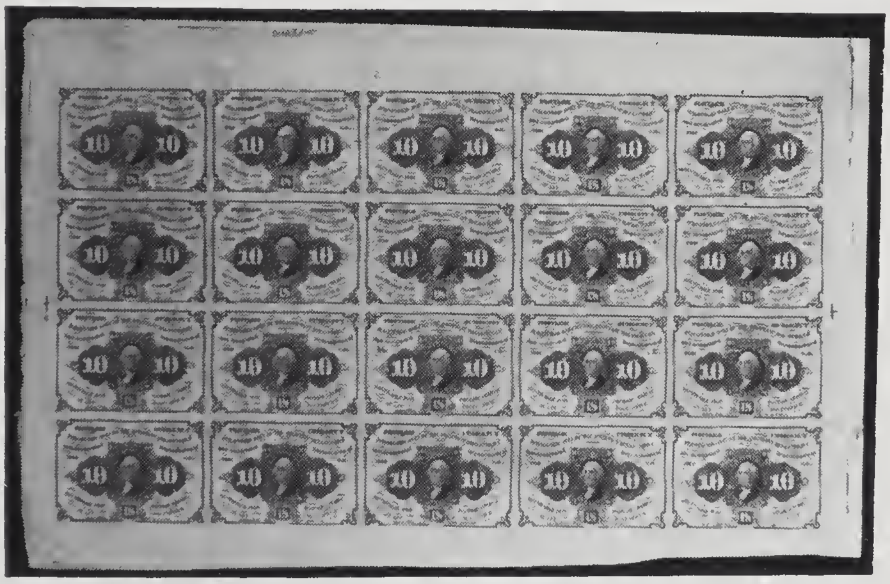
Has been folded several times, although not heavily. Very bright bronze, paper not aged at all. Obverse plate #213, Reverse plate #190. Both plate numbers at the **bottom** of the sheet. Somewhat close at the top and right. **Overall one of the better sheets of this variety to be offered in recent years.**

Extremely Rare Sheet of 'S-18-63' 5c Notes



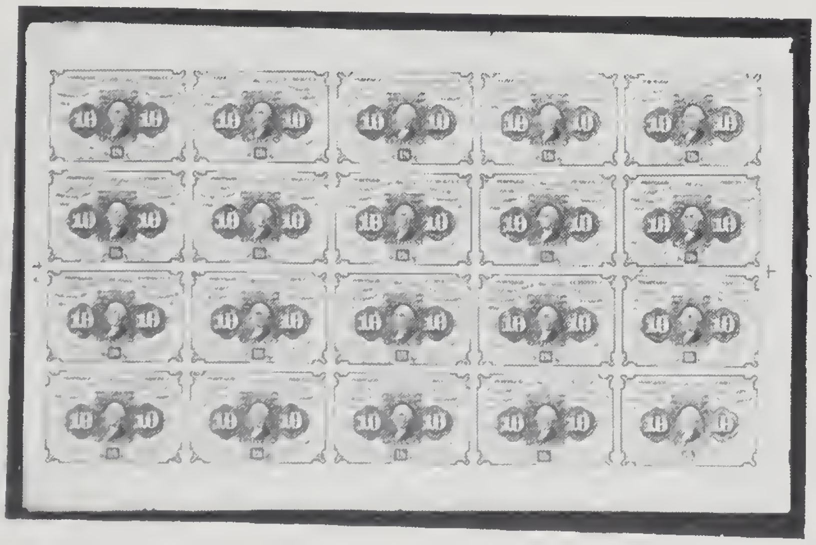
622 5c **Fr. #1234. Full Sheet of 20. Extremely Fine. ($500.-Up)**

**The finest of only 3 sheets known.** Although all three are folded in the same places, we consider this the finest due to the brightness and crispness of the paper. One of the folds has left a small hole in the oval surcharge of one note. Obverse plate #7, reverse plate #12, as on the others known. Will no doubt top the $420 realized by the Herman sheet nearly 3 years ago.



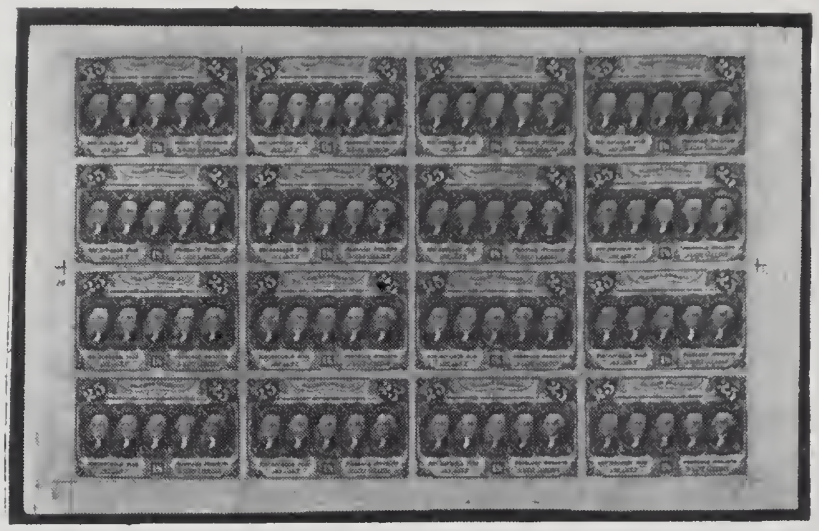
623 **10c** Fr. #1242. Full sheet of 20. **Crisp Uncirculated. ($500.-Up)**

**Choice, bright** and **crisp**, unfolded. Obverse plate #6, reverse plate 31st. Easily on a par with the other full sheet offered in recent years — the Herman sheet 3 years ago.



624 **10c** Fr. #1242. Full sheet of 20. **Crisp Uncirculated. ($400.-Up)**

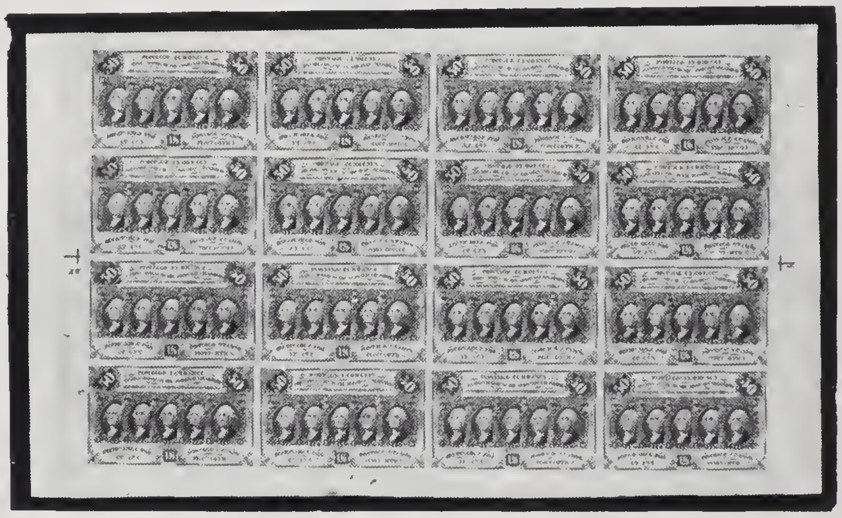
**Bright and crisp,** but the bottom has 2 tears, just touching the design. Obverse plate #27, reverse plate #27th. **A very unusual sheet, with the reverse plate number in the right margin, the first we've seen so.**



625 **25c** Fr. #1282. Full sheet of 16. **Gem Crisp Uncirculated. ($800.-Up)**

**A superb bright crisp sheet,** with bold impressions on both face and back. Obverse Plate #16, Reverse plate #3. All sheets of the 25c and 50c denomination are quite rare, particularly as choice as this. **A true showpiece for the specialist.**

## FINEST KNOWN



626 **50c** Fr. #1312. Full sheet of 16. **Crisp Uncirculated. ($1,000.-Up)**

**A choice crisp sheet** with obverse plate #26 in the wide margin at the left, and a partially illegible plate number in the wide left reverse margin (probably 20th). A bright, vivid impression, and an outstanding display, especially with the 25c sheet above. All sheets of the 50c denomination are quite rare; this is the **finest we have seen.**

## CONFEDERATE PAPER

627 Sheet of paper watermarked eight times "CSA" in block letters. **Extra Fine,** with center fold (as are practically all such). **($40.-Up)**

Used for the printing of Confederate notes; a whole shipload of items intended for the Confederate Treasury, including reams of this paper, were captured on the "Bermuda" on April 27, 1862. The paper was subsequently sold in New York for prize money by the Navy, and bought by the American Bank Note Co. et al and **used to print specimen notes for U.S. Fractional currency notes as below.**

628 — Half sheet of paper watermarked "CSA" in block letters four times. **Unc. ($20.-Up)**

Folded between, left edge cut in.

643 **10c Fr. #1246. Vertical Pair, Extremely Fine. ($50.Up)**
Folded between, paper a bit dark. Multiples of this variety quite scarce.

644 **25c Fr. #1284. Horizontal pair. Very Fine. ($30.-Up)**
The reverse faded, with a couple of hinge marks.

645 **25c Fr. #1285. Vertical Pair. Extremely Fine. ($50.-Up)**
Folded between, close at the bottom. The 'A' in the reverse surcharge sharp and clear, seldom seen so on multiples.

646 **25c Fr. #1286. Vertical Pair. Extremely Fine. ($50.-Up)**
Folded between, sharp 'S' in the surcharge.

647 **25c Fr. #1285/6. Vertical Strip of 4. Extremely Fine. ($100.-Up)**
Folded between all notes, close at the right and bottom. **Reverse plate #225.**

648 **50c Fr. #1316 and #1317. Horizontal pair. Very Fine. ($75.-Up)**
A very unusual uncut pair, the left note the 'A-18-63' variety, the right note the '18-63' variety, the 'A' failing to print. No doubt very rare — **we know of only one similar uncut pair of different varieties.**

Bright and reasonably well centered.

656 **3c Fr. #1227. Crisp Uncirculated. ($40.-Up)**

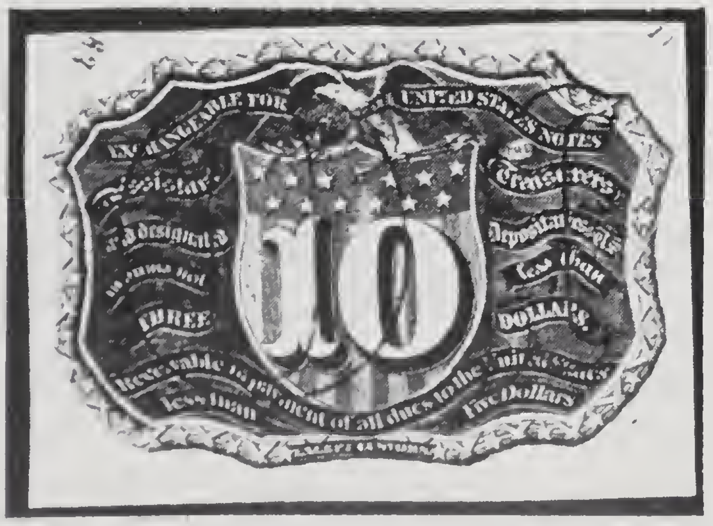
**Extremely Rare Inverted Surcharge**



673 **10c Fr. #1245. About Uncirculated. The '18-63' and outline '10' on the reverse inverted, the green engraving normal.** **($200.-Up)**

Far scarcer than the 'S-18-63' invert of the 10c, of which several blocks are known. The face is close at the bottom, and the surcharges have begun to tone, but there are no folds or tears. We know of no auction records for this invert since the Lilly sale 10 years ago.

### SECOND ISSUE

### FOURTH ISSUE

### INVERTED SEAL PLATE NUMBER

702 **25c Fr. #1303. Uncirculated.** **($30.-Up)**

703 **25c Fr. #1303. Uncirculated.** **($20.-Up)**
Choice but for a tiny paper split at the bottom.

### FIFTH ISSUE

704 **25c Fr. #1308. Crisp Uncirculated.** **($15.-Up)**

## 50 CENT NOTES

### FIRST ISSUE

707 **50c Fr. #1310. About Uncirculated.** **($50.-Up)**
Full perforations, but two spots of damage on the reverse from careless hinge removal.

708 **50c Fr. #1310. Extremely Fine.** **($40.-Up)**
Mostly full perforations, but somewhat dark.

709 **50c Fr. #1312. Error. Very Good to Fine.** **($30.-Up)**
**A paper fold** extends from the top border through the center portrait of Washington, leaving a white streak on both the face and back.

### SECOND ISSUE

710 **50c Fr. #1322. About Uncirculated.** **($50.-Up)**

### THIRD ISSUE

711 **50c Fr. #1324. Crisp Uncirculated.** **($40.-Up)**
Well centered and bright. A very curious note — although the signatures are engraved, there are signature ink marks on the reverse as if the note had autographed signatures! No doubt due to being stored on top of an autographed note for years.

712 **50c Fr. #1328. About Uncirculated.** **($50.-Up)**
One vertical fold; the signatures have not eaten through the paper.

713 **50c Fr. #1333. Crisp Uncirculated.** **($30.-Up)**
Bright and choice, with no defects.

714 **50c Fr. #1339. Crisp Uncirculated.** **($35.-Up)**
All surcharges bright, the paper a bit dull. Plate #18 on the reverse.

715 **50c Fr. #1339. Crisp Uncirculated.** **($35.-Up)**
A few minor ink smudges, mostly on the reverse.

716 **50c Fr. #1343. Crisp Uncirculated.** **($50.-Up)**
Bright and crisp, with exceptionally good margins for a Justice note. Unfortunately, a hinge was carelessly pulled off the left face, taking some of the paper with it.

717 **50c Fr. #1356. Crisp Uncirculated.** **($70.-Up)**
Unusually bright and crisp, but with an ink corrosion hole at Spinner's signature.

### Rare Fr. #1357

718 **50c Fr. #1357. Very Good to Fine.** **($50.-Up)**
The face is quite nice, but the back is very light, the 'S-2-6-4' corner surcharges gone.

### FOURTH ISSUE

719 **50c Fr. #1374. Choice Crisp Uncirculated.** **($100.-Up)**
Very Bright and crisp, **the finest we've seen at auction in years.** For the specialist, the face has just the faintest pinkish tint, similar to the 10c and 25c notes listed in Friedberg.

719A **50c Fr. #1376. Uncirculated.** **($35.-Up)**
Bright and crisp, but close at the bottom, with an area of engraving and paper missing at the right obverse where a hinge was ripped off.

719B **50c Fr. #1376. Uncirculated.** **($35.-Up)**
Close at the top.

719C **50c Fr. #1379. Uncirculated.** **($40.-Up)**
Well centered, but with some light dirt and soiling.

### Rare Original Bundle

719D **50c Fr. #1381. Choice Crisp Uncirculated. 20 Pcs.** **($800.-Up)**
An original bundle of 20 notes, with the original Treasury "Ten Dollars" strap. Every note is Choice crisp uncirculated, with no pinholes, aging or other problems. All bundles are technically Uncirculated, but this is one of the choicest we have seen.

A few light folds, mainly on the reverse.

719V **15c Fr. #1272 SP.** Obverse only **N.M. About Uncirculated. ($40.-Up)**
Improperly removed from a shield, with paper adhering to the back, and a couple of small pieces out of the edges. Quite popular, as the design was not issued for circulation.

### Rare Full 'CSA' Watermark

719CC **25c Fr. # 1291 SP.** Obv. and Red Rev. **W.M. Uncirculated. 2 Pcs. ($100.-Up)**
A very rare pair, with each piece showing nearly a full three letters of the 'CSA' watermark, missing just about ⅓ of the 'C'. Due to the layout of the watermarks on the sheets, more than two letters very rarely show. This is the fullest we have yet seen.

### Fractional Currency Specimen Presentation Book

719WW A fascinating 30-page book, 10½" by 8", titled "Postage and Fractional Currency" in gold on the cover. Pasted on separate pages are **28 narrow-margin specimens,** all choice examples, with bright bronze on all second and third issue notes.

The green and black binding is somewhat worn about the edges, but the binding is still relatively strong, with no pages falling out. Very likely made at the time by some enterprising individual for sale to purchasers of the Fractional Currency specimen sets sold by the Treasury, much the same as currency albums we have today. This is **not** one of the dozen or so original Treasury made books, but is none-the-less an interesting item of Fractional Currency history.

Included with the album are 8 First Issue Fractional notes pasted on gray paper. The group grades from **Fair to Very Fine,** and includes 3 perforated edge notes.

## INTERESTING BOOK OF ESSAY PROOFS

## BY DAVID M. COOPER

722 **David M. Cooper** was an active engraver from the years 1836-1875 being employed first by ANNIN & SMITH of Boston, then New England Bank Note Company, and its successor, American Bank Note Company and finally the Treasury Department and Bureau of Printing and Engraving (1862 onwards).

**During his long career,** he kept in an envelope (which is on the first page) proof samples of his work. On his death the material passed into the hands of Dr. Batchelden. (See below). **68 separate impressions. ($500.-Up)**

**The book consists of the following:**
**1)** A printer's advertising specimen for Annin & Smith of Boston;
**2)** A corporate seal with eagle's head dated April 1858;
**3)** A proof of the title of the **Bank of California** (plate 468) and a rouletted border for the Farmer's and Mechanics Bank of Philadelphia;
**4)** Four denomination borders (1850's) for one, two and three (2) dollar notes;
**5)** Another bank note denomination border **($2),** a **$4** element (plate 490) - 2 examples; a **$20** and a **25c** border element (plate 702), and two corner denominational ornaments, a **$2** (used for Fr-42 and **25c** (plate 701);

**8)** Plates 126, 127 of the act label for the Act of February 25, 1862, which authorized the first issue of green backs. The semi-circular act engraving was used on the $5, $10 and $50 notes over the vignettes; the straight proof was used on the $20 at top;
**9)** Border for the 7.30% notes of August 10, 1861; also Bureau of Printing and Engraving coupons (patented Nov. 24, 1868) for 5% bonds for $12.50 ($500 bond) and **62c,** for a $50 bond, (plate 1236),

**11)** Two red Treasury seal proofs, the former similar to that used on the **$2.** Design 6; the latter with the **$1,** design 4. **Also,** Border designs; four denomination designs for the Bank of Brazil for **$20.** Design 103 (rev.); **$5.** Design **$20.** Design 120; **$50.** Design 37; (total 12 items);

**13)** The last page consists of 5 Rouble and 25 Ruble denomination designs; four denomination designs for the Bank of Brazil for 1200 and 20,000 Milreis (667), 25,000 Milreis (708) and 50,000 Milreis. **Also,** there are denomination proof medallions for 25 and 50 Soles (plate 1361), and a 100 Centavos **green stamp proof** of Bolivia (plate 591). Series 1887. **Nine stars and in green!** No. Scott A-8 was issued in 100 Centavos denomination! 723 **Letter from Salmon P. Chase (1808-1873),** U.S. Secretary of the Treasury (1861-1864), July 4, 1861, to Messers Cochran and Jilton, in regard to their report of the funds in possession of Henry W. Hoffman, as Collector of the Port of Baltimore and instructing them to state what funds of the $58,940.68 were to the credit of the Treasurer of the U.S., other U.S. disbursing officers etc., apparently all written by Chase himself, and not by a clerk. **($100.-Up)**

### EXTREMELY RARE UNCUT SHEET OF GIORI TEST NOTES

723A **A superb uncut, uniface sheet of 32 subjects in green ink. An absolute pristine Gem sheet, never folded, with no defects of any kind whatsoever.** The sheet consists of 16 faces and 16 backs, so arranged that the one plate could be used to print both sides of the sheet.

Originally engraved and sent to Germany to test the new Giori presses, **all were supposed to have been destroyed,** but a number of individual notes somehow ere released and are legally held and highly prized by collectors. We note only one previous public sale of such a sheet, the one offered in Kagin's 308th sale, October 22, 1976. That sheet was a bit crinkled from improper handling by the Post Office. They mention a third sheet that was folded several times. The sheet we are privileged to offer here is evidently superior to both of the others.

A prize for the small size currency specialist. **(Photo, opposite page). ($1,500.-Up)**

757 **$100.00 Fr. #208. Act of July 17, 1861. Unique uniface proof of the obverse, with all 5 coupons attached. Although 110 notes are still outstanding. NOT A SINGLE EXAMPLE IS KNOWN IN A COLLECTION. Interest was at the rate of 7.3%, or 2c per day, for 3 years. Since the note bore only 5 coupons, the note itself had to be turned in to collect the final interest payment, thus accounting for its rarity. Judging by the fact that neither Friedberg nor Hessler could find even a proof note to illustrate their books, this proof is very likely unique. For accuracy, we must mention a few small tears in the borders that have been expertly repaired.. However, such defects in no way affect the desirability or value of an item of such rarity.** **(——)**
The bidding will commence at $5,000.

One of the elusive and popular bank titles forbidden by the Congressional Act of May 24, 1926. Under this act, new banks were forbidden to use "United States", "Federal", or "Reserve" in their title. Banks with such titles already in existence were permitted to continue operating with their existing titles. At the time of the act, **only two banks** in the country with "United States" in the title were issuing $100 notes — this bank and the one in Johnstown Pennsylvania. Several $100 notes of the Johnstown bank are known; however, **we know of no other $100 on the United States N.B. of Galveston. This note was unknown to Huntoon and Van Belkum at the time they published their book on 1929 National Banknotes. Will no doubt command spirited bidding, as no others have ever been available.**

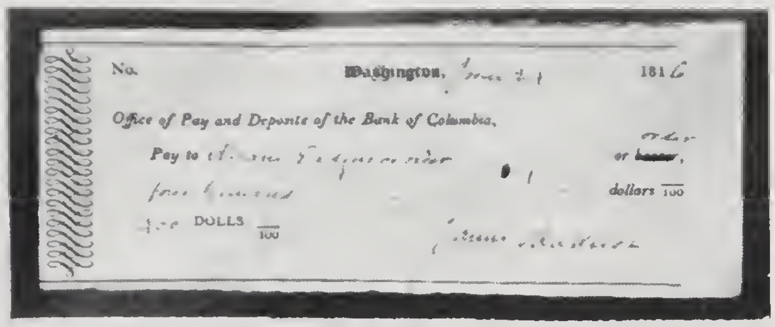
## CHECK DRAWN BY PRESIDENT MADISON



No. Washington, 1816

Office of Pay and Deposite of the Bank of Columbia.

Pay to or bearer,

dollars 100

DOLLS 100

1531 BANK OF COLUMBIA. **$400.** Check drawn by **James Madison to Abram Eddins, dated Jun 24, 1816 and drawn on the Bank of Columbia.** Endorsed on rev. **Extra Fine,** bank hammer cancelled. **($100.-Up)**

James Madison (1751-1836), 4th President of the U. S. (such **at signing**), Father of the Constitution, U. S. Secretary of State (1801-9), U. S. Congressman 1789-1797.

1532 DISTRICT OF COLUMBIA. **$50.** July 1, 1873. 8% Act of June 23, 1873 Sewage Certificate due July 1, 1875. Columbian Bank Note Co., Washington, D.C. Liberty, left; woman, right. **Uncirculated,** with one coupon attached and one pasted to the face, all being stamped paid. **($30.-Up)**

These bonds were floated during the period when Washington was made the beautiful city it is today under the leadership of Alexander B. ("Boss") Shepherd. Shepherd, as head of the Board of Public Works (assisted by **James A. Magruder,** a signer of this bond and an ancestor of the grocery store founder and **Jeb Stuart Magruder,** of Watergate ill-fame), ran the District debt from $3 million to $40 million, not counting another $35 million in unpaid D.C. teacher, police and firemen's salaries and unpaid contractors' bills. These debts were incurred by draining swamps, paving streets and walks, building sewers, installing gas lamps, laying out parks and planting trees. When asked to explain why he had run the debt over the $10 million limit (total assessed values in Washington were only $60 million!) and how he proposed to pay all these bills, Shepherd's response was that he thought that Congress would be so grateful to him for his efforts that it would pick up the tab! An apoplectic Congress in response, abolished home rule in Washington for the next 100 years. 20-

## AUTOGRAPHED CASHIER'S CHECKS DRAWN TO FAMOUS AMERICANS AT THE OFFICE OF DEPOSIT AND DISCOUNT OF THE SECOND BANK OF THE UNITED STATES.

These drafts were issued by the Washington Office of the bank as an accomodation — Congressional pay often being months in arrears. It was by such interest-free loans that the Bank made friends and influenced people in Congress and thus providing grounds for repeated charges of corruption.

1551 **$300.** Cashier's one-day sight draft, Feb. 13, 1828 drawn by R.A. Smith, Cashier to the **Hon. Richard M. Johnson** (with latter's endorsement on rev.). Typeset, curlicues at left. Paper wmkd. "Amies Freres Philadelphia". **Very Fine-Extra Fine,** twice double-cross bank-hammer cancelled. **($75.-Up)**

Richard M. Johnson (1780-1850), was Martin Van Buren's Vice President (1837-41), who had three distinctions; first, as a Kentucky Militia Colonel he personally killed the Indian Prophet Tecumseh at the Battle of the Thames (Oct 5, 1813); second, he was the only Vice President never to be married (he lived instead with a black slave woman who bore him children) on which account many Democrats declined to support him in 1836, thereby making him (3) the only Vice President elected by the Senate, alone.

1552 **$700.** Cashier's one-day sight draft, Mar. 13, 1829, drawn by R.A. Smith, Cashier to the **Hon. Stephen Van Rensselaer,** with latter's endorsement on the rev. Typeset as previous, paper wmkd. "MEET" at right. **Very Fine,** but split in half and rejoined, at right, splitting at left and one bank hammer cut cancellation. **($75.-Up)**

Stephen Van Rensselaer (1764-1839) was a congressman (1822-29), and an unsuccessful general in the War of 1812. He defeated and killed General Brock at the Battle of Queenton Heights, Oct. 13, 1812, but was unable to follow up this success when the N.Y. militia, in an early version of "Hell, no, we wont go!", refused to cross the Niagra River to Canada to support the regulars on the ground that the militia did not have to serve "abroad". Van Rensselaer was also the last of the Patroons, the Old Dutch feudal aristocracy along the Hudson River.

1553 **$100.** Cashier's draft payable in New York one day after sight. Jan 3, 1829, to **Hon. Horatio Seymour** and endorsed by him on the rev. Signed by R.A. Smith, the cashier. Typeset, "Office of the Bank U.S. Washington" in patterned border, left. **Fine,** small edge slits and double-cross bank-hammer cancelled. **($25.-Up)**

Horatio Seymour (1778-1857), Vt. Senator (1821-33) and a Clay Democrat.

1554 **$694.** Cashier's draft, payable in Boston one day after sight, March 14, 1833, to **Hon. Jeremiah Nelson** and endorsed by him; signed by R.A. Smith as Cashier. Typeset as previous, but U.S. eagle at top left. **Very Fine,** but two small punch holes and part of the left border gone. **($25.-Up)**

Jeremiah Nelson (1769-1838) was a Congressman from Massachusetts, (1805-7, 15-25, 31-33).

### JOHN Q. ADAMS

1555 **$100.** Cashier's draft, payable in New York on day after sight, May 4, 1833, to **John Adams** and endorsed by him to his wife Louise Catherine Adams on rev. Signed by R.A. Smith as cashier, typeset with eagle at upper left. **Fine-Very Fine,** cut cancelled. **($75.-Up)**

John Quincy Adams (1767-1848), was 6th President of the U.S. (1825-9); U.S. Secretary of State (1817-25) of Monroe Doctrine and Florida purchase fame; U.S. Senator (1803-8); U.S. Congressman (1831-48), (such as signing) in which latter capacity he established the Smithsonian Institution. He only agreed to serve in Congress after his term as President on two conditions; that he would do solely what he thought best and that he would never campaign for office, on which basis he was cheerfully elected and reelected by his constituents!

1556 **$20.** Cashier's draft, payable in Washington, one day after sight, April 25, 1837, to Hon. R.M. Johnson (The U.S. Vice President, as above) and endorsed by him; signed by R.A. Smith as Cashier. Typeset on white wove paper as in the Seymour draft above. **Fine-Very Fine,** part of left border trimmed away. **($50.-Up)**

The First Bank of Kentucky was established in 1807 with a nominal capital. It avoided specie suspension until late 1814 (before the note was issued), resumed in 1817, to suspend again in late 1818 and again in 1820. In the meantime, the legislature established the Bank of the Commonwealth of Kentucky which was a kind of public loan office. When the directors of the Bank of Kentucky refused to receive at par the heavily discounted paper of the Commonwealth Bank, the legislature ousted the private directors from the former institution. The old board appealed this high-handed proceeding the the State Court of Appeals which upheld them and was itself, in its turn, purged. Thence followed a notable 5-year political war in which the Bank of the Commonwealth, the new court and the new directors were finally defeated. The Bank of Kentucky (old) went into liquidation in 1823 and its circulation, which in 1816 was $1.96-million was reduced to $32,571 in 1831, after which date there are no further reports.

Because the Bank of Kentucky was wound up after the Civil War, its notes whether genuine or false are rare today. The 2nd Bank of Kentucky (charted 1835) gave rise to the famous case Briscoe vs. the Bank of Ky. (1837). Briscoe refused to repay a loan to the Bank on the ground that as the Bank was owned by the State, the Bank was a subterfuge for issuing illegal bills of credit. The Supreme Court ruled that such note issues were legal as they rested on the Bank's credit, not that of the State. This decision was overruled by Congress in the Act of March 3, 1865 which taxed all state bank notes 10% if issued after July 1, 1866

These drafts were used as a means of getting around the proviso that all notes of the Bank must be signed by the President. To render these "cashier's drafts" more acceptable, they were ultimately made receivable or payable at every branch, unlike the regular notes. Ultimately, the legality of these notes was tested in 1831 before the Supreme Court where the Bank, ably represented by Daniel Webster and John Sergeant of Philadelphia (Whig V. P. candidate in 1832 and U .S. Congressman), emerged triumphant.

Ezra Griswald operated an inn at Worthington and got into the note issue business when the Worthington Manufacturing Co. was cited by the Ohio officials for issuing notes. Griswold was then induced to issue small due bills as a substitute for the coin which the banks were holding. Unfortunately, the notes wore poorly and their circulation ceased when someone broke into Griswold's print shop and ran off some notes on their private account. Griswold was evidently asked to issue money again after the crash of 1818. This time he had the notes engraved by a regular bank note printer, for the notes were circulated as far afield as Columbus, twenty miles away.

2581 **$1,000.** 5% bond dated May 9, 1833 (due 1853). Printed by Benjamin Levy, N.O. **($100.-Up)**

No. 107 of 150 issued by the State of Louisiana to help establish the Mechanics & Traders' Bank of New Orleans. The Mechanics and Traders' Bank was responsible for paying this bond in London in sterling (£11:5:0 P.A. or $54.67, more than the $50 promised on the face). This the bank did (it was the only "free" bank to do so, the others failed) in 1851. The bond is signed by Governor Roman, famous as the moving agent behind the 1842 Louisiana banking law, which helped make New Orleans second only to New York in financial power.

Only five coupons are left, at the right, the upper right corner was almost split off and repaired with tape.

The Louisiana Tehuantepec Co. was chartered by the legislature March 14, 1855 and was formally incorporated on July 30, 1857. The company was created in accordance with a provision of the 1848 peace treaty of Guadalope Hidalgo with Mexico, whereby U.S. citizens received the exclusive right to build an isthmian canal and/or railroad in Tehuantepec, a Mexican region to the west of Yucatan. This scheme came to nought and the company defaulted on its bonds in 1859. Among the subscribers were prominent bankers like Louis Heyliger, James D. Denegre of the Citizen's Bank and such prominent politicans as Judah P. Benjamin U.S. Senator and later CSA cabinet officer, John Slidell, U.S. Senator and CSA diplomat, and Pierce Soule, the Louisiana pro-slavery firebrand who hoped ultimately to part Mexico from Tehuantepec and make it part of the Union as a slave state.
